I am pleased to learn that Nepal Media is bringing out its first "Nepali Community Business Directory" in October 2020 with the objective of promoting Nepali businesses, community organizations and professionals.

It is a matter of great happiness that Nepal and Canada enjoy excellent bilateral relations, marked by goodwill, friendship and mutual cooperation, ever since the establishment of diplomatic relations in January 1965. With increasing engagement at different levels, spheres of cooperation continue to grow.

Over the years, Nepali Diaspora has been actively involved in various creative activities for the welfare of their own community as well as the prosperity of the countries they live in. Such activities of the Nepali community in Canada has also contributed to further strengthening Nepal-Canada relations including at the people-to-people level.

I believe that besides contributing to enhancing trade and business activities between Nepal and Canada through pertinent information, this directory will be an important reference document for the public as well as local businesses both within the community and beyond.

While commending this noble initiative undertaken by Mr. Narendra Pudasaini, Coordinator and Publisher, and the entire Nepal Media team, I wish the directory a success.
